USE THESE SUGGESTED TALKING POINTS TO HELP GUIDE YOUR CONVERSATIONS!

- Hello, my name is [name] and I am calling regarding my continued opposition to H.B.3813, which will prevent my City from being able to regulate sound near my home.
- The City of Austin has worked closely with our community residents, bars, live music venues and other stakeholders to find a balance on amplified noise that works for all parties involved. **Any change in sound ordinances that affect my home should include the input of all local stakeholders, not just a handful of bars with state connections and lobbyists.**
- No other community has their local sound ordinance regulated by the state. Why should my right to protect the sanctity of my home be limited to every two years (when the legislature meets)?
- Would you want the equivalent of a large roaring motorcycle outside your window all night, every night?
- My community and I urge you to vote NO on H.B. 3813. This preemption of my right to enjoy my home is unacceptable!

DO YOU WANT UNCONTROLLED AMPLIFIED SOUND
OUTSIDE YOUR WINDOW UNTIL 2 A.M.?
